

Today we will start to sketch for the beginning of a new project

You will need:

- Pencil
- ruler
- heavy white paper in your kit  
- it is about 9" w x 12: h
- It is **NOT** the very large white paper, that is for something else

We will be drawing crystals and the using watercolors to color them in

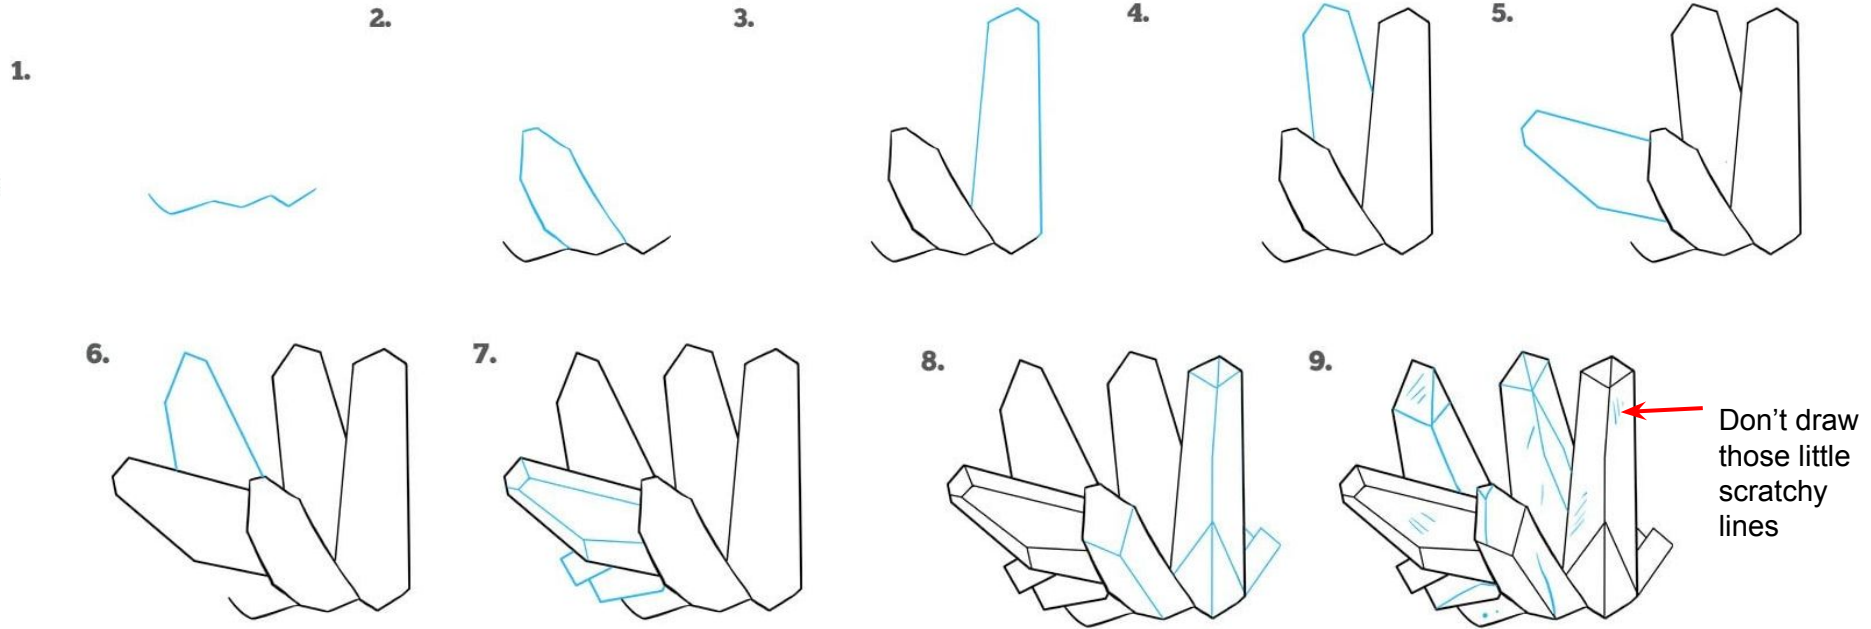

Today I will walk you through how to draw the crystals and you will **UPLOAD** your progress at the end of class

# How to Draw Crystals

## Use a RULER & draw LIGHTLY with pencil only

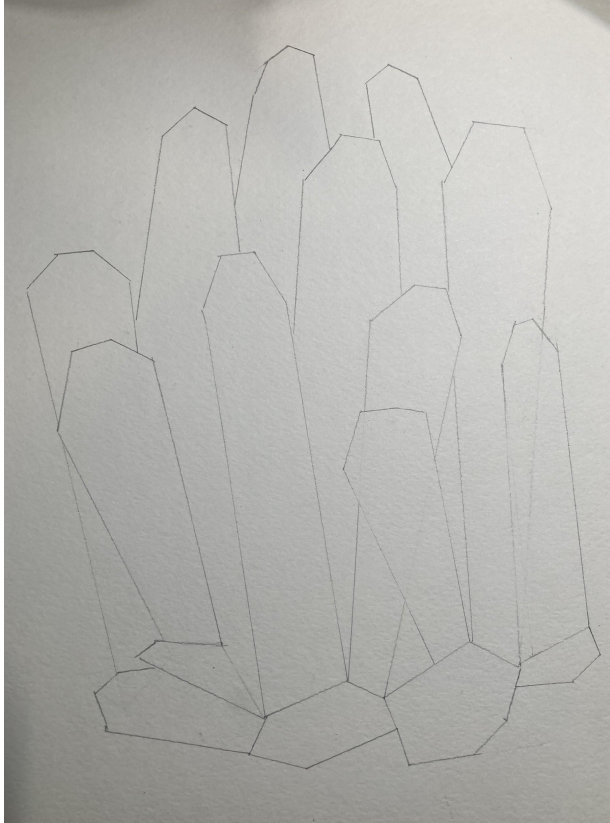

There is also a video of me drawing this in the post in Classroom

You WILL NOT be painting today

Just upload whatever you get done on your pencil drawing

Outline  
first

Then  
add  
Facets
