Observational drawing evaluation

On a scale of 1-10, how well did you draw the glove? 10 being, it looks perfect, 5 means, I did ok, but could improve, 1 being, I can tell its a glove, but…..

Draw the markes you used to create the texture of the glove.

What could you improve on, or change to make the drawing better?

Overall how do you like the finished artwork you created?
10, I LOVE IT!!!   5, its OK   1, I can do better
